INDIAN BILL PASSED.

Measure Carrying \$7,465,000 Approved by House.

The Indian appropriation bill, carrying \$7,465,000, was passed by the House yesterday afternoon.

Because of a fight on certain features of the bill the House was unable to come to a vote on the measure the day before.

RULES REGARDING SHIPMENTS.

Principles Laid Down by Interstate Commerce Commission.

The interstate commerce commission has laid down important principles, to govern under the existing interstate commerce act, as follows:

That a shipment by water from one point to another in the territory of the United States is coastwise business; that shipments by water from a port of the United States to a port of any foreign country, even though adjacent, are export business.

That it is lawful for a carrier to afford free transportation to the widows, during widowhood, and minor children, during minority, of persons who died while in the service of a company formerly operating a road which passed subsequently into the hands of new owners.

Do not neglect your health—laxatives are necessary sometimes. Make sure of the best—then go ahead.

## Nagel and Fisher to Work for Taft.

Two cabinet officers have been added to the force working in the west for President Taft's renomination. Charles Nagel, Secretary of Commerce and Labor, who was to have made a political speech at Alpena, Mich., last night, and another at the republican state convention at Bay City today, canceled both of the engagements to go to Missouri, his home state, to help care for the political situation there.

Walter L. Fisher, Secretary of the Interior, will leave Washington in a day or two for Nebraska, where he is to speak for two or three days. He will speak at Omaha Friday night and at Lincoln Saturday night. In Missouri, where Gov. Hadley has been personally directing the Roosevelt campaign, the latter's managers claim an overwhelming majority of the delegates that are to be elected at the forthcoming district conventions and the state convention.

Roosevelt's Missouri Delegates. In a late telegram from Gov. Hadley to the Roosevelt headquarters he declares that Col. Roosevelt will assuredly have twenty-six of Missouri's thirty-six delegates to Chicago, with the possibility of securing thirty. The popular primary in Nebraska will be held April 19.

Yesterday's Republican Delegates. Kentucky added nine uncontested delegates to the Taft string yesterday, giving him fifteen uncontested delegates and Roosevelt one, with six seats in contest.

Vermont yesterday chose one-half of her delegates to the republican national convention, and Roosevelt and Taft broke even. The state convention is in session today.

Michigan elected four delegates to Chicago yesterday, Taft securing two and Roosevelt two.

In the first Missouri district yesterday the republicans split and two rival conventions were held, one instructing for Taft and the other for Roosevelt.

Gaynor Expected in the Race. In New York city yesterday it was freely predicted by leading democrats that the speech of Mayor William J. Gaynor before the National Democratic Club at the dinner celebrating the birthday of Thomas Jefferson next Saturday evening would be the formal announcement of his candidacy for the presidential nomination. It is declared by close friends of the leaders that the ninety delegates from New York, even though uninstructed, will vote for Mayor Gaynor. Friends of Mayor Gaynor already have engaged rooms at a Baltimore hotel.

The state convention will assemble Thursday. It was announced that no slate has been agreed upon for delegates at large, although it is said that the delegates probably will be United States Senator O'Gorman, Charles F. Murphy, Samuel Untermyer and Gov. Dix or Lieut. Gov. Thomas F. Conway. Other names suggested include Alton B. Parker and Isidor Straus.

Socialist-Labor Nominations. The socialist-labor party, at its national convention in New York city yesterday, unanimously nominated Arthur Elmer Reimer, a ladies' tailor of Boston, Mass., for President of the United States, and August Gilhaus of New York, a stationery engineer, for Vice President.

J. G. Capers out for Congress. John G. Capers, republican national committeeman from South Carolina, has announced his candidacy for nomination to Congress from the Spartanburg district.

Claims for Wilson Reticuled. Champ Clark's headquarters last night gave out the following:

"The extravagances of the claims made by the managers of Gov. Wilson, and of other candidates, regarding the complexion of state delegations to the national convention are looked upon with complacency by Senator Fred T. Dubois, who is directing the campaign for Speaker Clark. Notwithstanding the emphatic declaration made by Gov. Wilson's partisans and others that Arkansas will not be instructed for Clark in the national convention it is a fact that the delegation from that state will be instructed.

"Governor-elect Joe Robinson of Arkansas, who was elected against Gov. Donaghey by a majority of more than 50,000, has advised Speaker Clark that, despite all reports to the contrary, Arkansas will instruct its delegation for him at the state convention, which meets in June. No county has instructed for any other candidate, with the possible exception of one small county. The Speaker has an overwhelming majority of instructed and pledged delegates to the state convention.

"Again, in Wisconsin, Gov. Wilson's managers are claiming that the full strength of the Wisconsin delegation, numbering twenty-six votes, will be cast for the New Jersey executive at Baltimore. Representative Michael E. Burke of Beaver Dam, Wis., one of the only two democratic members of Congress, today ridiculed this claim. Mr. Burke declared that the Speaker has absolutely pledged to him and instructed to vote for him at the convention seven district delegates to the Baltimore convention, and that some other districts are in doubt, and so close as to require the official count.

"Mr. Burke asserted the absurdity of the claims made by Wilson's managers in Milwaukee, where two of the four district delegates elected are out-and-out Clark men, yet claimed for Wilson. These men are Lawrence McDermid and Michael Hienki. The latter wired Senator Dubois that he had been elected and would vote for Clark in the convention.

"Under the Wisconsin primary law the delegates from that state cannot be bound by the unit rule. The full delegation will meet next Tuesday, but it would be a violation of the primary law, Mr. Burke declares, if an attempt were made to bind the entire delegation for any candidate."

Virginia Claimed for Wilson. Woodrow Wilson headquarters last night gave out the following:

"That Gov. Woodrow Wilson is the overwhelming choice of the democrats of Virginia for the presidency and that only the politicians are working to prevent the election of an instructed delegate is the belief of Richard E. Byrd, speaker of the Virginia house of representatives, who is managing the campaign for Gov. Woodrow Wilson in his home state.

"It is for Wilson," continued Mr. Byrd; "information gathered by me from every section of the state proves that Gov. Wilson is the choice of an overwhelming majority of democrats of the state."

Gov. Woodrow Wilson is the choice of Oregon's chief executive, Gov. Oswald West, for the democratic presidential nomination. Gov. West has joined with Senator Chamberlain to secure an instructed delegation from Oregon to the Baltimore convention in favor of Wilson."

Albert James, native of England, is dead at Middlethorpe, near Frogbury, Md., aged forty-eight years. He is survived by his widow, three sons and one daughter.

Representative Beall Scores Plan to Build Roads.

That it would cost the government from \$15,000,000 to \$20,000,000 a year to build and improve public post roads in the United States was the argument used by Representative Beall of Texas yesterday.

The appropriation is termed imperative by Acting Secretary Oliver.

It was originally planned to have a mobile military force in Panama consisting of four regiments of infantry, one regiment of cavalry and one regiment of artillery. These were in addition to the coast artillery men. According to Gen. Wood's notation, the military force will be reduced to the smallest possible figure consistent with the proper performance of duty on the isthmus.

The War Department is anxious to have this garrison completed in the year 1914.

Gen. Schuyler to Head Department. Brig. Gen. Walter S. Schuyler, commanding at Fort Riley, Kan., will assume command of the Department of California, with headquarters at San Francisco, at Fort Miley, Cal., in June next, on the completion of the course at the Mounted Service School at Fort Riley.

He succeeds Brig. Gen. Daniel H. Brush, who will retire for age next month.

No Americans Among Nile Victims. CAIRO, Egypt, April 10.—There were no American citizens among the victims of the collision between an excursion steamer and another vessel which occurred near the great dam below Cairo, on the Nile, Monday evening. According to reports of eyewitnesses, the persons drowned were all natives, while at the American consulate it is believed that no Americans were on board.

Gen. Wood's estimate for barracks for the smallest advisable force is \$2,857,500.

This will accommodate three regiments of infantry, one squadron of cavalry, one battalion of field artillery and twelve companies of coast artillery.

THE PURCHASING POWER OF YOUR RENT MONEY

AND WHAT YOU CAN DO WITH IT AT HIGH VIEW

BY SHANNON & LUCHS

Three-fifths Actual Size.

THIS little booklet is not an advertisement in the generally accepted sense. It is compiled from facts and figures that conclusively prove the SHANNON & LUCHS modern method of buying a home is not only far more economical in the end, but a great deal less strain on the purse right now than the payment of a similar amount of rent each month.

The "High View" homes and the easy payment terms on which they are sold have been taken as an example as to how present rent payers can divert their rent money from the landlord's pocket into their own pockets. It clearly shows in dollars and cents just how the monthly payments you make pay off on the home—shows how over half of your rent money comes directly back to you—shows how you can turn a monthly rent expense into a home-buying investment.

Then it describes the "High View" homes fully and explains in detail why such a home that sells for but \$3,300 on easy payment terms would cost you at least \$4,200 cash if you, yourself, tried to duplicate it, even if you bought the ground and hired the builders in conjunction with a combination of 50 other families.

"A home of my own some day" is the wish of nearly every person. With that idea in view you will find the information contained in this booklet valuable even though you do not contemplate the purchase of a home for some years to come. It tells you many things that your home should be, no matter how much you pay for it, and whether you have it built yourself or buy it already built—such things as the arrangements for sunlight and ventilation, what elevation means to residential real estate and those many little details throughout the planning and construction, etc., that mean so much to a home,
